OUR MISSION

With new products aiming to raise people's quality of life, AR-GE and our production studies continue with our experienced staff.

OUR VISION

Our vision is to become a preferred, reputable global company that grows faster in the home appliance market in the world.

ABOUT US

With a vision to continuously improve the quality of daily life, we began producing housewares and moisture absorbers in The Netherlands in 1990. In 1996 we began investing in Turkey.

Presently, we operate in our 12.000 m2 indoor production facilities in Maltepe, Istanbul. We manufacture patented, top of the line bathroom, kitchen and garden house wares and accessories. We are also one of the very few companies that produce moisture absorbers and moisture absorber tablets.

We work with leading DIY and Discount retailers and intermediaries and also perform private label production for global brands.

Stemming from our mantra, "Creative Solutions, Practical Products" our objective is our high quality and creative products and our customer oriented philosophy to be recognized in all the global markets.

QUALITY

MODERN IN MANUFACTURED TECHNOLOGY

At its modern plant in Istanbul, the machines are equipped with the latest technology and produce at world standards.

CERTIFIED QUALITY

The total quality policy that Saban Plastik adopted at every stage of production;

ISO 9001: 2008 Certificate

ISO 22000: 2005 Food Safety Registration Certificate,

SGS Food Compatibility Certificate

TSE Certificate

The Ministry of Agriculture and Rural Affairs has been documented with the 'Production Permit Certificate' of the materials in contact with food.

WORLD IN PRODUCTION STANDARDS

Saban Plastik, which accepts the principle of offering high quality and new models in the field of plastic home furnishings, takes care of human health at all stages from the raw materials used to the ergonomic structure of the products.

M A N U F A C T U R E

Saban Plastik exports most of its production. Our company which exports mainly to the Slavic Republics and Balkan countries, Middle East, North Africa and Europe, is a pioneer of the sector with its customer focused and quality product range. Saban Plastik is a well-known brand both in Turkey and abroad. Day by day.

MOISTURE ABSORBERS DEHUMIDIFIERS

DEHUMIDIFIER APPARATUS 5 KG MOISTURE ABSORBER

WHAT IS IT?

SABAN Moisture Absorbers clear away moisture and humidity in the spaces they are placed; Mold, mildew, dampness and condensation cannot form and are eliminated.

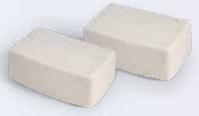

Our Moisture Absorbers also absorb unpleasant odors and deodorize. Most importantly they are a green alternative to air-fresheners that tend to contain harmful chemicals (they have also been observed to speed up the dissipation of tobacco smoke and odor).

HOW IT WORKS?

SABAN Moisture Absorbers, through SABAN Tablets, collect water in their specialized chambers by absorbing the moisture and humidity. They work without a power source or batteries.

Upon placing the correct size and amount of SABAN Tablets in your Moisture Absorber, it is ready to use.
